PROFILE SUMMARY

I am a passionate and skilled IT student specializing in Front End Web Development and UI/UX Designing. With hands-on experience in MERN stack development, I have worked on designing and deploying user-centric web applications. I have also developed projects like a smart car parking system and a portfolio website. Additionally, I have participated in hackathons and paper presentations, continuously improving my technical and problem-solving skills.

EDUCATION

Nandha College of Technology, Erode, Tamil Nadu	Current
B.TECH in Information Technology	CGPA – 8.05
AAGHS School, Tiruppur, Tamil Nadu	Year of Completion - 2020
SSLC	71.2 %
AAGHS School, Tiruppur, Tamil Nadu	Year of Completion - 2022
HSC	66.8 %

TECHNICAL SKILLS

Python, Java, Front end - Html, Css and JavaScript , UI/UX Designing – Figma

INTERNSHIP

MERN Full Stack Development, Zen1 Tech Park 25-07-2024 To 10-08-2024

- Gained hands on Experience in MERN Full Stack development during this internship. Worked on backend development and enhanced knowledge in MERN full stack development.

Full Stack Web Development, Zeazh 01-11-2024 To 30-11-2024

- Accomplished Full Stack Web Development Intern at Zeazh, with proven expertise in designing, developing, and deploying robust, scalable, and user-centric web application.

PROJECTS

Smart Car Parking System

- Designed an IoT-based Smart Car Parking System using Arduino and sensors for real-time slot detection and indication.

My Portfolio Website

- I have designed and developed a visually stunning and highly interactive personal portfolio website using Html, Css and Javascript.

ACHIEVEMENTS

- Completed a NPTEL Course with 75% marks in Python For Data Science.
- Participated in “ GEN AI “ Hackathon at SNS College of Engineering, Coimbatore.
- Presented a paper on topic of “ Artificial Intelligence “ at Mahendra Engineering College, Namakkal.

EXTRACURRICULAR ACTIVITIES

Graphic Designing and Video Editing
